PAYMENTS & INVOICE TRACKING

Financial Management
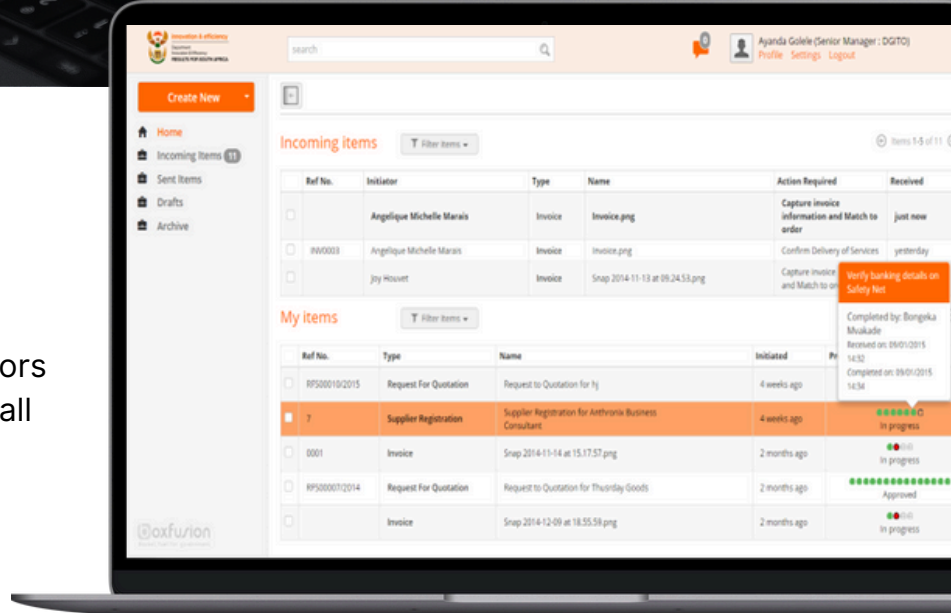

Streamline your payments process, eliminate manual errors and ensure timely payments, all while maintaining complete financial control.

Say goodbye to paper invoices and manual data entry. SmartGov for Admin digitises your invoice workflow, saving you time and reducing errors.

KEY FEATURES

Scan & Upload
Easily capture invoices and supporting documents for a fully electronic process.

Automated Invoice Matching
Eliminate manual matching errors and speed up invoice acceptance.

Budget & Invoice Verification
Ensure budget availability and accurate invoice amounts.

End-User Accountability
Require proof of delivery before authorising payments.

Delegation-Based Approvals
Enforce strict financial controls with clear approval workflows.

Payment Monitoring
Track payment processes and ensure adherence to 30-day payment deadlines.

Automatic Notifications
Keep service providers informed of invoice acceptance and payment status.
